

OCO INCUBATOR – DUBAI

Our incubator is the only option to register your company onshore while maintaining 100% ownership in the UAE. In partnership with the Dubai Government, OCO offers a unique solution for low-cost, low-risk market access to the UAE for companies from all over the world. With all administrative requirements (e.g. local sponsor, company registration, visa) taken care of, we ensure that companies can focus all their energy on expanding their Middle East business. So far, more than 35 companies have successfully entered the UAE market through our incubator platform.
